JULY 6, 1951

FLASH

TIGER PICNIC A HUGE SUCCESS

First of all lets give a big cheer of thanks to the PICNIC COMMITTEE, ART MEYER, ESTHER GOY, JOHNNY GRAGO, BILL MARGRAVE, GENEVA SCHENDELE, MILDRED BUCKLEY, HOWARD KESSLER, SUB WARNER, IKE LYNN, LARRY IGNASIAK, DICK HOYT, and TONY BOGARD, who worked so hard to make the PICNIC such a big success. A very special thanks to JIMMIE JACKSON the very able Master of Ceremonies, who incidentally is opening Friday evening July 6th at DOC's on Ventura Boulevard.

Needless to say, everyone (some 1,400 people) had a wonderful time. We saw plenty of activity around the Swimming Pools, Horse shoe Pits, Volley Ball Games and races. The kids gave the TRAIN and FERRIS WHEEL a real working over.

The BIG EVENT of the day was the awarding of the Five Year Pins. Helen Ruth Prescott started off proceedings by awarding Robert Prescott the first Five Year Pin. Mr Prescott took over from there presenting the remainder of the pins to: TOM HAYWOOD, JOE BAKER, COLLY COLQUETTE, PAUL GRACE, MAYO THOMAS, JOE CUPPETT, CHARLOTTE WALTZ, BILL BARTLING, CLIFF GROH, BOB GHORMLEY, DOUG ROBBINS, RHEUL TRIMBLE, ED HEMBREE, RHEA LOCKARD, BUCK BUCHANAN, JIM DUEHREN, ART LAWSON, BILL MARGRAVE, HERB WALL, JOE GWYNN, BOB NORTHON, PAT CAMPATO, JACK STUDER, FRANK FERLAZZO, JOHNNIE FERLAZZO, BILL THOMPSON, GENE HEAD, AL GOLDBERG, BERNIE SENN, STAN MILLER, JOHNNIE JOHNSTON, JIM THOMAS, EARL NICHOLS-ROY, BILL KELLOGG, JOHN DEWEY, JACK DUFREE, WALT LOEFFLER, JACK RUSSELL, ROY BOX, GEORGE MARUYAMA, DUSTY DE STEPHANO, O. E. HEADOR, JERRY BUCHANAN.

* * * *

Later in the afternoon there was a Talent Contest, with PLENTY OF TALENT, we might add. Judging the contest were FRED BENNINGER, BILL BARTLING, GEORGE CUSSEN, and MAYO THOMAS. The First Prize was won by FREDDIE BRIGGS of the Hydraulic Shop who really made the piano do its stuff and accompanied the rest of the contestants on the show. Second Prize was won by TONY GELFO, the little fellow with the Big Baritone Voice. Third Prize went to PAT BURKE, a Terrific Irish Tenor. PAUL GRACE made beautiful music with his Trombone and George Harris and his family put on quite a show with their Hawaiian songs and gave the gang a real treat with their HULA dancing. Eunice Harrell sang St. Louis Blues. There were prizes for just being there to enjoy the fun too!! Door prizes were won by E. W. Wine of the Instrument shop, who received a Radio, Krystyna Haugen of Payroll Department won a Camera, Bill Hutchinson of the Maintenance Department won a case of Beer and cases of Motor Oil were won by Emmett Burke, Tony Gelfo and J. L. Murphy.

The Barbecue Dinner was a very tasty dish and there was plenty to go around too. The final event of the day was the dance, music supplied by SAM KEKO and his SEVEN SEAS BAND.

We noticed as we were leaving the many sun-burned noses, happy smiles, and tired little kiddies. All of which goes to make up a very memorable day.

* * * *

Someone lost a man's Gold Wedding band while at the picnic. If the owner will contact THELMA GOODMAN, she will return it.

* * * *

SALES REPORTS

By Katherine M Smith

"Winds are like parachutes" says ART BREYFOGLE, "they only function when they are open"..... Just don't jump to conclusions!

ART picked that one up while on vacation somewhere in Alabama or Tennessee. In Detroit from the Pacific Coast: BOB WOODWORTH and JOHN ZABO-NON; MONTY MONTGOMERY to pick up a new Olds and DOUG DULY a new Packard. Also visiting RML - SUSIE the sea lion from BUR via FTL, who created quite a sensation by escaping from the Belle Isle Zoo and heading for the Detroit River. Jay-clipping her way across Central Avenue a passing motorist gave the alarm and several members of Detroit's stalwart police force came on the double. They finally lured her under a picnic table in the park where her adventure ended.

Our Junior Tigerette, MAM BOYER, of SFO celebrated her 18th birthday by attending the Spike Jones Show and 'legally' buying a pack of cigarettes. 3 more years, Mam, and you can VOTE! BARRY ROGERS is lost to the single ranks. As a June bridegroom he added PEGGY PALMER, of Foster & Kleiser Co to the Tiger family. Lots of happiness BARRY and PEGGY.

On the Pacific Coast for company business - DAVE CRUICKSHANK, Buf; BOB BURKE, PHL; JOE GARLITY, N.Y.

SAN hosted the Western Traffic Conference. The 3-day successful meeting was attended by GEORGE CUSSEN, MAYO THOMAS, BILL KENDEL and MONTY MONTGOMERY. Incidentally San Diego is our latest station to try out the Customer Service idea. From all reports a wonderful job was done by BILL KENDEL and HAROLD RAISDEN proving what can be accomplished when Sales and Operations pull together in the same direction on a single track!

WANTED: 1 pair dual lens binoculars for PHL. Bob Burke reports he can see only half what our competition is doing at his station because his binoculars have only 1 lens. This is most inefficient and donations will be welcome! He also reports that "Gray and Burke met Col George Dart, the 'Virginian' and refugee from the WCTU, Endicott, at Baltimore for a joint session". (What kind of Joint, Bob?). Our Quaker station was busy over the 1st to 4th July helping sign the Declaration of Independence - or was it celebrating the 175th signing? Whatever it was both Bob and Russ Emerson were busy.

GEORGE DART reports on the dedication of Eroom County Airport (NY): "On May 27th Captain Frank

HAWKINS and Co-Pilot JOHN FORCIUS did a find job in public contact work showing visitors through our C-46. A ramp was built at the pilot's hatch and another at the cargo hatch so visitors (approximately 16,000 in 3 days) could walk through the ship from cockpit to cargo door. Token shipments were loaded by IBM and AIRSCO. On Tuesday Mr. Prescott arrived and spoke at the Rotary Club in Binghamton. Tuesday night Messrs Prescott and Dart attended a dinner for 850 people for which Tigers flew in crabs, strawberries and orchids. Dedication of the airport was on Wednesday at which the main speaker was Vice-President Barkley. (Possibly we are prejudiced but we hear that our own President, BOB PRESCOTT, took all the honors when it came to speech making).

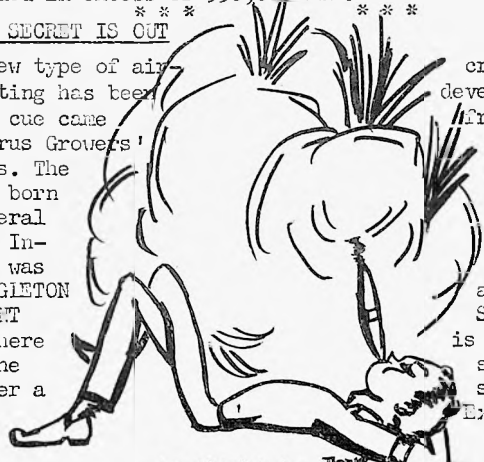

Nothing too good for JIM MAYER who has been taking golf lessons from 16 professionals! By use of powerful field glasses Jim picked valuable tips from Big Names at the 14th Annual Inverness Invitational Golf Tournament held at Toledo in June.

From LAX - ERNIE KRUTTSCHMITT, now a 3-time father. Daughter CANDACE MARIE welcomed June 9th. MAL HALLOND has swapped Customer Service for the downtown jungles of LA and is succeeded by R.W. ALLEN, newcomer to Sales from local Glendale. Vacationing: "Wild Bill" STALEY down in the desert at 29 Palms - and TED (Wilder) Holmgren up in Washington and Oregon. This too we must report: Largest airfreight traffic ever carried out of Los Angeles was recorded in May by FTL when it loaded in excess of 530,000 lbs.

TOP SECRET IS OUT

A new type of air heating has been developed. The cue came from the citrus grovers' pots. The was born in General Sales. The In- ion was SINGLETON GIANT So here as he under a of

craft developed. From the Smudge Idea in Sales. spirat- HAROLD and his STOGIE! is "Sing" settled shipment Exotic

Palms for a "Test" flight to Chicago. Shippers were enthusiastic as they reported 100% frost-free arrival. (The pilots' special gas masks survived the test also! Those of us in Sales & Traffic not so equipped recommend that "Sing" be assigned more and longer trips!)

Cont'd on Page 5

HEARD AND SEEN
by
Shelley Green

I HEAR that the Radio Department has two new employees. We WELCOME to our midst AL CLARK and V. H. SYPHAX.

REPORTS are drifting in that it is TOO hot for comfort down HOLTVILLE way. M. D. GOODRICH, who keeps the radios working there, feels that way about it, I HEAR. They SAY that BROWNSVILLE is also a trifle warm! It's COOL here, fellas.

I SEE that pretty VIRGINIA BURCHAM, Purchasing Department, is wearing a lovely diamond on the third finger left hand. Our best wishes, Ginny. WHEN is the wedding to be?

I SEE that DICK YUNG, Tabulating Department, is off on vacation. BILL CHOSE just returned from his. Oh, you LUCKY people.

I SAW the diploma LLOYD SHERMAN, Safety Engineer, recently received from Pierce College here in the Valley, in Personnel and Management Relations. Our CONGRATULATIONS, Sherman. And you completed the course in such record time, too!

I SEE that ETTA BAEDCKER is missing from Message Center. On vacation. Have a good time, Etta, and while you're at it, CELEBRATE your four years with FTL.

NURSE DUKE just returned from a well-deserved vacation and now has in her possession a new PONTIAC. How nice it must be to drive a NEW car!

GENEVA SCHINDELE, Personnel Dept., tells me that she has purchased a new home in North Hollywood. She'll move in in the near future. Has another house to sell first. You know how those things go!

I SEE a new face has been added to the Purchasing Department. BILL VOSPER is now a Purchasing Agent. Best wishes to you, Bill.

I HEAR that GENE HEAD's wife is in the hospital. We all hope she'll make a speedy recovery, Gene.

This is to ANNOUNCE the marriage of MARY BAUMGARTNER, formerly of the Accounting Department, and BOB McNALLY of Maintenance. They were married "back home in INDIANA". All of our best wishes go to the both of you.

They had a PARTY in Inspection the other day. 'Twas PAUL GRACE's birthday - (he didn't say how OLD he was) - and the office surprised him with coffee and CAKE!

GUESS where J. L. HIRSCH, Radio Department, went on his vacation! That unmentionable State - the HURRICANE State - FLORIDA! Oh - you TRAITOR!

If ANYONE has a free PUPPY to give away, or any old rabbits (preferably a doe or two), see DICK YUNG in Tabulating when he returns to work. His CHILDREN are starting a MENAGERIE!

It is REPORTED that the new HANGAR at Newark is much better than the old quarters - but it's still crowded when they get seven or eight planes in at one time. AND - their RADIO Department now boasts of TWO men!

I HEAR that RHUEL TRIMBLE, Inspection Department, is going off to the HOSPITAL in a day or two. Take is EASY, Rhuel, and get well soon.

JOHN MOBLEY is doing a fine job on the Inspection end of our OPERATION WETBACK down in Fl Centre. I HEAR he'll really have some tales to tell when he returns.

RESORT AIRLINES had one of their DC-4's in for a No. 4 check the other day. I HEAR they have two more that are due for a major overhaul.

I HEAR that DOUGLAS DULY just received his new PACKARD - and furthermore, he is moving into his new HOME in a couple of days. That's really doing it up RIGHT!

It's REPORTED that WALTER LOEFFLER, Inspection Department, will be going to the hospital soon, too.

We offer our deepest sympathy to Mr. and Mrs. Prescott on the death of Mr. Prescott's brother last week.

RUMMAGING AROUND
THE READY-ROOM

by Janet Olson

OFFICE GLAMOUR

The timing isn't so good - but did want everyone to see that all the glamour wasn't in the fly-boys- we have some very nice looking office girls- June Haller has been in Flight Operations since Nov. 28, 1949, she does the auditing of the flight

PHOTO by KATHERINE SMITH

L-R Frances Wilcox, Barbara Gilroy, June Haller, Pearl Griffin -

papers and is assisted by Frances Wilcox, who has been with us since Sept. 20, 1950. Barbara Gilroy had the flying bug bite her, so she left FTL to become a stewardess on North Star flying from Burbank to Kansas City. Pearl Griffin became ill since the picture was taken and had to stop work. Now we welcome Vera Mae Schneider to our office staff and sorry that she came too late for the picture taking.

WET-ACQUAINTED DINNER - The wives of the BUR Base pilots had dinner at the Hollywood Hotel Redwood room on May 24. Forty wives attended and all seemed to enjoy themselves very much. After dinner the wives joined their husbands in the Cina-Grill for dancing and I do believe from all reports that the husbands enjoyed the evening more than the wives - at least they closed the Cina-Grill in the wee hours of the morning. I enjoyed meeting all the girls and hope we can do it again some time. My thanks to Mary-Ann Hedman for her help in making the arrangements for the dinner and I think she would make a wonderful chairman for any future get-togethers that we might plan - HOW ABOUT IT MARY ANN????????????????????

If you see the CHIEF PUTTY CAT moving around a little slow 'tis cause he strained his back last Saturday - gardening is getting pretty rough.

WEDDING BELLS RING

MUST BE SPRING - or is it the Captain's pay ?????? Captain Morgan W. Hughes of BUR took unto himself a beautiful bride on May 25th at Jacksonville, Ill. Jean, the new bride has found that FTL moves fast. Morgan has been stationed at El Centro and now is at Brownsville Texas.

Captain Mel Boswell and Nelda Christensen were married June 23 rd. in Salt Lake City Utah. Still Honeymooning in parts unknown.

Captain Bill Ice and wife Marion off on a honeymoon at Yosemite Park. Bet Marion learns to fish.

In case you haven't heard FTL went into HIGH GEAR again the first of the month - we have hired some thirty odd new pilots - started a run out of El Centro, California to Guadalajara, Mexico and one from Brownsville, Texas to Durango, Mexico. We are transporting Mexican wetbacks (illegal entries U.S. out of this country to Mexico. The pilots report that it is a very nice operation - Guadalajara is one of the most beautiful cities in Mexico, has a lovely terminal bldg. at the airport, but the service at the gas pumps is very poor and the help have to have their siesta every afternoon. Captain Tally had an interesting experience when he had an engine failure some two hours out of El Centro at night with no lighting facilities at the air field in Mexico- so he turned around and on single engine brought his load of passengers safely back to El Centro. Outside of the heat at El Centro and the food or water in Mexico making the boys sick they all seem to think that it would be nice to continue the operation for years. We are also going at a full speed ahead in Newark with two C-46's on the San Juan Operations and three DC-4's operating over the North Atlantic to all parts of Europe. Of course we still have our regular freight flights with a few charters here & there, so you see we are an up and coming company.

If you don't know anything about a motor-cycle stay off of the things - two casualties in one short period in the flight operations - Captain John Holmes did make the ride for six blocks and ended up with a broken hand and few scratches - but Capt Dick Stuelke only went thirty feet and ended up with a broken leg and collar-bone in several pieces. Pilots are too necessary to FTL operations - so lets stay off the things - MOTOR-CYCLES.

To all new flight personnel - welcome aboard and I am sure that you will find us a nice family to be with .

Bye now

ACCOUNTING For Accounting

By Alba Mungo

At Last . . . Summer's Here. . Or So The Calendars say . . .

Well the Sun should appear now most any day . .

. . IT DOES HAPPEN SOMETIMES . . .

A customer called requesting billing for a shipment of some weeks back from Newark to Burbank . . . He had some kind of number he thought might be the flite manifest number and the date he thought the freight moved. After about 35 minutes of research with no success it was decided to call the customer back to see if he didn't have just a wee bit more information, that might enable us to find the airbill. Upon calling the customer and telling him this was The Flying Tiger Line and wasn't there anything else he could tell us to help locate the Airbill . . . There was a moment's pause then a rather embarrassed meek voice replied... "Oh, I am so sorry . . I thought I was talking SLICK".....

Golly, . more air to breathe.. What Happened? Oh, Vacation Time, no wonder . . LYIE BREVART and now bride are on their Honeymoon. JONCE NEUBENSCHMANDER is going to spend two weeks at home in Denver and BOVIE CAMERON is going to spend 2 quiet weeks at home working in the garden and taking it easy . . Lucky, Lucky, people . . .

THREE MORE NEW FACES IN ACCOUNTING. .

I guess we have had at least one new face a month in accounting for as far back as I can remember. . The newcomers this month are:

MARIE GILLINGHAM, who has been in California since 1944 and formerly worked for Woodlin Inc. in Burbank, Cal. She is originally from New Jersey but does admit she sure likes our California Sun Shine.

BEVERLEI MARIN, who hails from Chicago, Ill., is a rather new Resident of California. She and her husband came to the Land of Sunshine in January '51. . . Beverlei will be doing most of the filing from now on.

BILL CREIGHTON has joined the Accounting Dept as an auditor in various phases in accounting and Airbill Revenue . . Bill has been away from California for about 10 years, but says he is glad to be back home again. .

That's All 'till the Tiger Passes in Review again

Sales Reports (Cont'd from Page 2)

Our Boston office, AL FARR, HAL THORNTON and MARGARET MURRAY held their FIRST ANNUAL PICNIC, a most gala affair, at Lake Pearl, Wrentham, Mass. Starting brighter and earlier than usual (on a Sunday) June 24th a most enjoyable time was had and the SHIRT was collected just in time for Monday morning work.

* * * * *

The CALIFIFT has spread to ME and ART LOFTUS is busy shipping young milk stock from the DAIRY & CATTLE CO. in Milwaukee, 1400 miles to Twin Falls, Ida. The first shipment arriving in Twin Falls, made quite a sensation. It's loftus "10,000 people were at airport, plane had to circle field 3 times before field could be cleared. Radio, TV, and LIFE were represented both at ME and Twin Falls". The calves are to be raised as milk producers for - guess where? Los Angeles!

* * * * *

NEW YORK - To JOE CAPRETTY we extend our sympathy on the loss of his sister. . .

* * * * *

FROM CHI comes word that PAT MORRISSEY, formerly of our CHI office, was married on June 30th to VAINRUH RICHARD FREYER. Best Wishes to Mr and Mrs Freyer.....

ITS A 9-1E BOY at the RALPH POSTERS. Born June 26th... Congratulations Ralph and the Mrs.

* * * * *

LAURELS FOR OUR DENVER STATION! Echoes of that charter to Iran.

Quotes from a letter sent to Mr Prescott from JULIUS HYMAN & CO. Denver "Our purpose in writing you is to call to your attention the exceptional cooperation. . of your Mr ZETTER and your STATION MANAGER at Denver. . We realize that most organizations write only when there is a claim, a complaint or an argument. We feel that when exceptionally fine cooperation has been manifest you should know about that too. . Again, many thanks to you, your organization and members thereof for their very fine cooperation. G.T.Boyle, Director of Traffic"...

* * * * *

Culled from the Teletype: To Len Kinball from CIE "THE LION FEARLESS TIGER IS ON HAND AT CIE STATION"...

2nd TX - - reporting delayed ship departure: To Len Kinball: "Delay due loading lion and short one man"..... Why didn't they feed the animal????

* * * * *

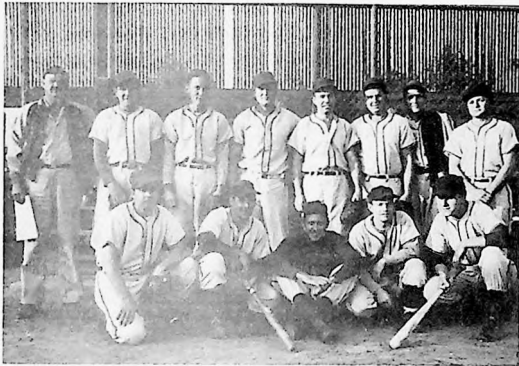

And so - Hasta luego and

Happy Shipping

HANGAR FLYING

By Thelma Goodman

"Take Me Out To The Ball Game!" The baseball season is now in full swing and FTL is doing its share, what with natty grey-and-red uniforms (furnished by the Company), and a full schedule for the season. The team has already played six games, with two wins, one over Slick, the score being 15 to 7 in our favor. The ball team's picture is being run in our column and, as you can see, Maintenance furnished most of the talent. I have turned out for several games and was really very disappointed to see the small amount of

FTL BASEBALL TEAM

Standing: Manager Davis, Lockerby, Radmacher, Thompson, Dewey, Penrose, Willet, and Box. In Front: Branchflower, Robinson, Myers, Taylor, and Melzer.

rooters that has turned out to cheer the team on. How about supporting and encouraging the boys by turning out? I believe you will all agree that the rooting section is half the game any old day. So; how about it? Let's show the team we're behind them!

* * * *

Yours Truly has just returned from a wonderful two weeks' vacation in Honolulu. It was good to see all my boys, and a big cross-section of Flight Operations. And talk about hospitality! They really pulled out the stopper while I was there. After resting up for several days, I couldn't stand it any longer, and began going to work with the boys, therefore I really found out what overseas duty is like. There is no such thing as a time clock, and while the work is there the

boys are on the job. I saw as many as three ships on the ground at one time, and also saw Maintenance accomplish three engine changes and a #2 Service within a period of seven days.

I would like to personally extend a vote of thanks and gratitude to HNL Maintenance and station Personnel, namely: "Stubby" Stubbs, Les Merrill, "Whitey" Rollison, Jim Nickless, Doug Balfour, Bill Burney, Art Chang, Emmett Speegle, and Ed Abraham.

It's speaking pretty well for a spot and the people there, when you get homesick, and I was definitely pretty homesick for the first few days after my return. Aloha, Boys!

* * * *

It is with regret that Maintenance says good-bye to Bob Gormley. Bob left FTL to accept a position with the Cee Bee Chemical Company. Good luck, Bob!

* * * *

"Red" Duhren is our roving boy these days. He has just returned from another trip to Newark and all points east.

* * * *

C. W. (Bill) Thompson has been promoted to Foreman in Modification, to replace Bob Gormley.

* * * *

Al Mobley walked into the office this morning after a round-the-world flite aboard 566. He left Burbank June 14, and two weeks later was back where he started from. It looks to me like the man get all the breaks. Guess I'll get me an I&E license.

* * * *

We understand that Harry Hinshaw has become a bona fide native of Denver, Colorado. What power of persuasion do you use, John?

* * * *

UNsung HEROES! Our two Flight Line boys, John Feeney and John Mendes, chase all over the Eastern seaboard on the San Juan Run.

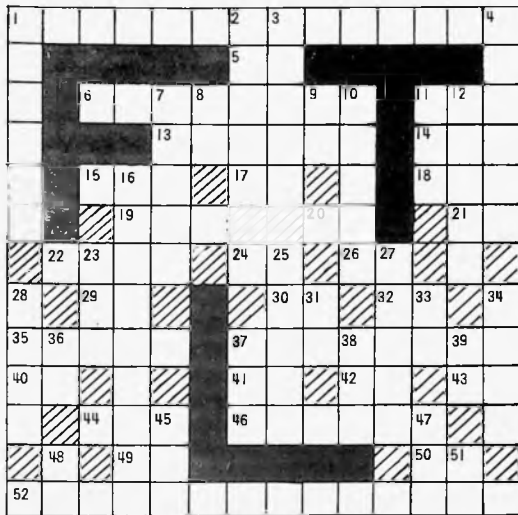

* * * *

We certainly had a wonderful time at the annual picnic. Thanks to all the hard working committeemen and women. They did a fine job.

* * * *

OPERATION CROSSWORD

(or How Bright are you Chum)

Vertical

Horizontal

We have Erwin L. Bielanski, otherwise known as "ERV" of BUF, to thank for this little (?) BRAIN TEASER. He certainly has gone to a lot of work to figure this out. Our hat goes off to him for a magnificent production.

ERV is that Blue-eyed Blond, hard working Station agent of Buffalo. He is a quiet, unassuming fellow but his ability and accomplishment speak for themselves. He came to work as a Dispatcher for the TIGERS in September and has worked his way to Station Agent in a very short time.

He is a Veteran of World War II, serving with the Navy. His vital statistics such as height, weight, age, etc. you girls will have to get for yourselves from him.

Put on your thinking caps TIGERS—but don't sprain the brain or get in a fit if you don't know all the answers as ERV has also supplied us with the solution which will appear same place same time next month.

1. Recently all stations received their...

52. If everything ran without a fault, he'd be out of a job.

PERSONALITY PAGE

BY

ISABEL BERNARD

The pretty puss peering from the galley of one of FTL'S plush jobs shown here, belongs to pert "Sioux City Sue"

or Janice Franco, as she is listed on the FTL roster. She is a Junior Mechanic with the MODIFICATION CREW, where the feminine touch for interior decoration fits in very nicely. She has her 90 day wings, and we hope she doesn't get the yen to try them elsewhere for some time.

Janice made her first landing in Sioux City, Iowa, where her father was in the sheet metal business. As a child, she cut her teeth on gears and played with tools and motors instead of dolls. Before she could walk she became, to use her own phrase, "a cycle fiend" (motor-cycle, that is), a sport still high on her FAVORITE list.

Culture came to live with our heroine, however, when, at the age of 3, she got her first pair of ballet slippers. This eventually led to a career as a professional dancer with a ballet company touring the U. S., Mexico, Hawaii and Cuba. Hollywood beckoned, at this time, and Janice was featured in M.G.M. movies. Her western American heritage is apparent in her enthusiasm for square dancing and western music. She frequently indulges her passion for this form of entertainment by attending "jam sessions" held by famous western entertainers, many of whom she knows by their first names. A new enthusiasm's working out clown routines with her girl friend and the aid of a mule for rodeo's, in which she utilizes her riding ability as well as her definite feeling for comedy.

The serious note in her life is three year old Wayne Jo, her son and inspiration. In spite of all this living and accomplishment Janice is not yet of voting age.

* * * * *

TALE SPINS

For Bettie Kennison (by K.M. Smith) Reports from Bedside indicate that BETTIE is "out from under" and doing o.k. We are looking forward to her being back in the office very soon.

ROY HAWORTH, SFO, is settled in his new home at Hali Moon Bay "under the trees and overlooking the ocean." Before moving from Redwood City ROY AND RUTH gave a party for the station boys, also celebrating their 13th wedding anniversary. BOB PERCY has donated his sun lamp to his successor and taken himself and a bottle of sun lotion over to Waikiki. Sorry to lose you Bob.

HERB NIEMAN, ex-RML, is now stationed at Sampson Air Force Base, Geneva, NY. Before leaving Mr. & Mrs. Ernest Nieman held open house for relatives and co-workers from FTL. Welcome to the TIGERS - WALT TRELENBERG, formerly with AAL, replacing DICK THATCHER who is now with Ford Motor Co, RML is glad to have JOHN O'DONNELL who transferred from EWR. Its a new Shepherd pup for the LAUWERS children and a new home for the whole family! BOB MORAN, celebrated 1 year with the TIGERS by being named Station Manager. Congratulations BOB! Also congratulations to BOB KLEPAC on his 3rd wedding anniversary!

We are sorry to hear that CPL JIM GIFFIN, (Ex-MKE station manager), now on active duty with the USMC is in the hospital at Camp Pendleton, Oceanside, Calif. (We will send you the TigerReview as requested JIM if you keep us posted on your mailing address.)

A DAY IN THE PUBLIC RELATIONS DEPARTMENT--Or SNAKEBIT, HERE I COME!

"Good morning." "What's good about it?" "Did the calves arrive in Oklahoma all right?" "Noo." "That's good. Have you heard anymore about the chimp that smokes cigars and rides a bike?" "I'll thank you to have more respect for our foreman."--"Yes, Sir!" "How did those pictures of the seals we shipped turn out?" "REAL SLICK." "Watch your language girl." "Yes, Sir." "Where are the aspirins? Say, did you hear any more about shipping those TIGERS?" "Grrh." "That's about the most intelligent thing you've said today. Where are the aspirins?" "Did I get any call this morning?" "Yes, a few." "How many?" "Sixteen, I said you'd call them all back and don't forget you have some appointments today." "I have? Where?" "Well, first the TIMES, then THE HERALD EXPRESS, then THE MIRROR, and after that, etc., etc., "Where are those aspirins?" "Aspirins, gee whiz Mr. Kimbal Whaddya want aspirins for?"

OUR SLOGAN

We love all our stations and Public Relations
We say, "Happy airfreight to you!"
We're always on call, To please one and all
And, boys, all our ulcers are, too.-MILDRED BUCKLE
